MY JOURNEY

Data Analyst, Northwind Traders (TEST), 2022–Present

- Built 14 Tableau dashboards used by the sales and finance teams every week
- Cut the monthly close report from three days to four hours with SQL and Python
- Trained six analysts on dbt models and code review

Analyst Intern, Contoso Bank (TEST), 2021–2022

- Reconciled 2,000 loan records a month against the core banking ledger
- Wrote the team's first data dictionary for the credit risk warehouse

Research Assistant, State University (TEST), 2019–2021

- Cleaned survey data for a 3,000-person panel study in R
- Co-wrote the methods appendix of a working paper

THINGS I KNOW

SQL, Python, R, Tableau
